## SOFT SKILLS

- Responsible
- Fast learner
- Not afraid of hard tasks

## LANGUAGES

- English - B2
- Polish - B2
- Ukrainian - Native
- russian - Fluent

## ABOUT ME

Hi, I am a fullstack developer using Next.js, Express.js and Typescript. I started programming in 2018 and I really enjoy it. I have created various things, including games, mobile apps, and websites.

## WORK EXPERIENCE

### Fullstack developer UpWork

2023

#### Ex. Cars listing in Ethiopia website

Comprehensive car listing platform. Using Next.js, Strapi, Typescript. It's designed to load quickly with SEO optimization and caching for a smooth user experience.

### Fullstack developer at

present

#### "ATTORNEYS AT LAW DEFENCE"

Maintaining Frontend and Backend part of the project and implementing new features.

Tech stack: React.js, Express.js, Antd

## EDUCATION

### Kyiv College of Communications

2021 - 2023

Software Development

### University of Silesia in Katowice

2023 - 2026

Computer Science

## MAIN HARD SKILLS

React.js / Next.js / Typescript
